Along with the title song “Take Back America,” artists may submit songs to be included on the compilation CD. Details pertaining to chosen songs will be announced at a later date. In Marcus' own words... *“In my travels across America on three national Tea Party Express tours, I have been bombarded with requests from musicians seeking to get involved in the Tea Party Movement.*

“While I offer them advice to advance their own individual pursuits, I thought it would be wonderful to bring them all together into a project symbolizing the unity & diversity of our incredible inspired Tea Party Movement.

*“Having toured with Gold Star Mom **Debbie Lee**, president of America’s Mighty Warriors on the Tea Party Express III tour, I can think of no better beneficiary to receive all proceeds from the recording. Debbie Lee’s son, Marc Alan Lee, was the first Navy Seal killed in Iraq.”*

ABOUT THE RECORDING SESSION: *My producer **Frank Starchak** and I have united hundreds of musicians on three other occasions recording songs to benefit charities in the past. I've loved the spiritual aspect of these sessions, not in a religious sense, but in a cool and wonderful sense. Imagine a purple-haired rocker with a ring in his nose singing a duet line with a Southern gospel singer wearing a business suit. Very cool. Very wonderful. Each session has been an exhilarating experience for all of the participants. Non-professional singers are also welcome to come and join in the chorus. It will be a great historical day. God bless."* [Lloyd Marcus](#)
