Most Reverend Father,

Archbishop Cordileone is a great gift to San Francisco for the health and salvation of souls. If the souls are so ill that they reject Christ and His moral teaching, they need a good doctor. May the Curé d' San Francisco, Salvatore Cordileone, not succumb to the ills of the flock, but continue to lead them to spiritual health and eternal life with your support and that of our Holy Father, Pope Francis.

Blessings,

Fr. Richard Perozich
